Course Features

An A Level in Spanish builds on the foundations of GCSE while deepening students' understanding of issues affecting Spanish-speaking countries.

Spanish A Level is therefore much more than its linguistic component. It is also an enhanced study of many social sciences, often through the medium of film and literary texts. The list of these is extensive and includes works by Gabriel García Márquez *Crónica de una muerte anunciada*, as well as films such as *Ocho Apellidos Vascos* and *María, llena eres de gracia*.
